RE: Bluntisham GP Services for planned new growth

Dear Kate,

Many thanks for your email confirming that the NHS can make provision for the planned growth within the Huntingdonshire Local plan 2036, including growth in Bluntisham.

Many thanks and kind regards,
Clara

Subject: Bluntisham GP Services for planned new growth

FYI.

As discussed with Nick Lockley, any new growth within the Cambridgeshire and Peterborough STP boundary is always considered by the NHS with regards to the impact on health services as a result. This consideration takes into account current capacity of local general practice services, community and acute services. In addition we look at our development for new care models and key enablers such as workforce, technology as well as the physical estate. With regards to the planned developments at Bluntisham, we will of course make provision for this in our own planning process.

Kind Regards
Kate
